

To Whom It May Concern,

It is with great pleasure that I recommend Tessa Seigworth for a teaching position within your district. During her tenure at Deer Lakes High School, Mrs. Seigworth has proven to be an invaluable asset. Beginning her journey with us as a student teacher, she seamlessly transitioned into several critical roles over the past three academic years, demonstrating exceptional versatility and commitment.

Tessa possesses a remarkable dedication to student success and district goals. She has a unique talent for addressing the requirements of diverse learners through sophisticated lesson differentiation, ensuring that all students remain actively engaged and productive. Notably, even when assigned courses outside her primary certification, she displayed remarkable diligence in designing and implementing a curriculum that strictly adhered to our high educational standards.

Furthermore, Tessa excels at maintaining professional relationships with her students. By understanding their individual interests, she motivates them and incorporates student choice and voice into her daily instruction. Her ability to curate age-appropriate and curriculum-aligned materials allows even the most challenged learners to achieve significant academic growth under her guidance.

Tessa Seigworth is a natural leader who would be a distinguished addition to any faculty. I am confident she will quickly establish herself as a leader within your school building and recommend her without reservation.

Sincerely,

A handwritten signature in blue ink, consisting of a stylized 'R' followed by a long horizontal line.
